AC SYSTEM INSTALLATION AGREEMENT

Please read each part, then sign at the bottom.

Customer	Heather Malone
Home	5122 Holly St, Bellaire, TX 77401
Work	Remove the old AC and furnace, and install a 3-ton 16 SEER2 heat pump system with a new air handler, line set, pad and thermostat. Permit and haul-away included.
Price	$8,950.00, with $500.00 due on signing and the rest when the work is done.

1. Schedule. Work starts on the date agreed with the customer and takes one to two days. The contractor will text the day before with an arrival window.

2. Warranty. Equipment carries the manufacturer’s 10-year parts warranty once registered. The contractor warrants its labor for 2 years from the day the work is done.

3. Access. The customer gives the crew access to the home, attic and outdoor unit during the work, and keeps pets away from the work area.

4. Changes. Anything found during the work that needs more than the work above is priced in writing first, and nothing extra is done without the customer’s OK.

5. Payment. The balance is due when the work is done. The customer can pay by card, bank transfer or check.

6. Cancelling. The customer can cancel within 3 business days of signing for a full refund of the amount paid on signing.

By signing, the customer agrees to the work, the price and the terms above.
